

## **Assignment 0**

Your name: \_\_\_\_\_

and what you'd like me to call you, if that's different (+ pronouns if you'd like):

\_\_\_\_\_

Your major and year: \_\_\_\_\_

How would you describe your experience with R and/or Python?

Have you used GitHub? If so, describe briefly. If not, what comes to mind when you hear "GitHub"?

Write a few sentences about why you're interested in this class and what you hope to get out of it.

Tell me about how something you love works. Feel free to use extra pages if necessary!
